Bonnie Millar is shown with Strathore Rosewood Robin on pasture at Millar Farms. He is the sire and service sire of much of their offering.

Strathore Knockout is shown winning the championship of the 1962 Peterborough Exhibition. He won this same honor in three other consecutive years.

Welcome to Strathore—

Welcome to our first annual sale November 15. It will be 25 years in March since my late father and I (just out of public school) made a trip to Aberfeldy Farms then at Weston, to purchase our first Scotch Shorthorns. Thus, we would like to think of this offering as a Twenty-fifth Anniversary Sale.

Many years and hard earned dollars have built us a herd that we are really proud of and, as the sale is over 100 miles west of our farm, we hope many of you can find it convenient to visit us before the sale and see the breeding herd as well as the sale cattle.

Shorthorns are our only business and, with this in mind, we have made our female selections from the best of cow breeding families, purchased the best possible bulls we could afford in our effort to produce calves for the most critical buyer.

Proof this has been accomplished is that the dam of the 1963 International grand champion female was bred right here at Strathore as were both her sire and dam.

At Millar Farms a herd was to be built for my nephew, Johnnie, with one really good Violet female. However as he grew, and his love for more good cattle grew so did the herd.

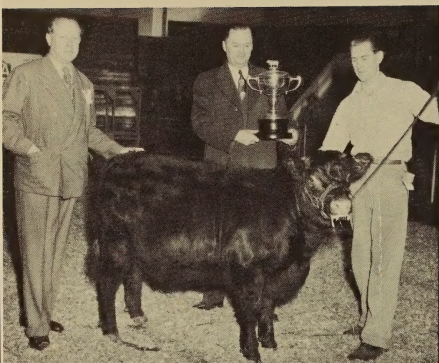

This found a number of our best older breeding cows going to Millar Farms and, along with top selections from several sales, they are now offering cattle in numbers.

Although Strathore Rosewood Robin stays at Millar Farms, we share the use of all stock bulls in our effort to plan what we think are the right matings.

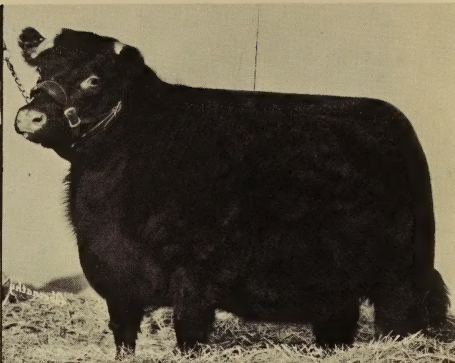

We have made it a point never to impair an animal by over fitting, and we feel we can present this offering with confidence.

On behalf of all of us at Millar Farms and Strathore, we look forward to seeing you November 15th.

Cordially,
Lorne J. Pimmett

Strathore Duthie Violet was supreme champion of the 1951 Royal Winter Fair. Lorne Pimmett is at the halter.

Strathore Collynie Violet was reserve grand champion at the 1951 Royal Winter Fair. This is the only time both champion females have come from the same herd.

Quality Comes First

The November 15 sale marks the 25th anniversary for Strathore Farms which in itself is a significant milestone. Even more important, however, is that those years have been filled with achievement not only in Ontario, but also on a national basis.

The original foundation came from the famed Gardhouse herd at Aberfeldy, Milton, Ont. In the succeeding 25 years, additions have been made from nearly every significant herd and every major bloodline in North America. These have carefully been fused together into a superior product. Today the name Strathore stands for prime quality, economical production, sound breeding and the promise of the ability to "breed on" through succeeding generations. How well the

Strathore cattle have bred on is amply demonstrated on the following pages.

The Strathore show ring successes are long and numerous. It is the only herd ever to show both the grand and reserve grand champion females at the Royal Winter Fair in the same year. Each year their cattle are high on the list of winners in the strong Ontario regional shows and acquit themselves well at the Canadian National Exhibition, the Royal Winter Fair, the International and the Canadian International bull sale.

The Shorthorns at Strathore are a family operation and today Lorne Pimmett is carrying on the herd founded by his late father. Just down the road and Mr. and Mrs. Jack Millar and their children Johnnie and

Strathore Charming Cecilia was reserve senior champion of the Canadian National, Ottawa and Brandon shows. She is the granddam of Millar's Armada and the great granddam of Strathore Instructor, both of which sell.

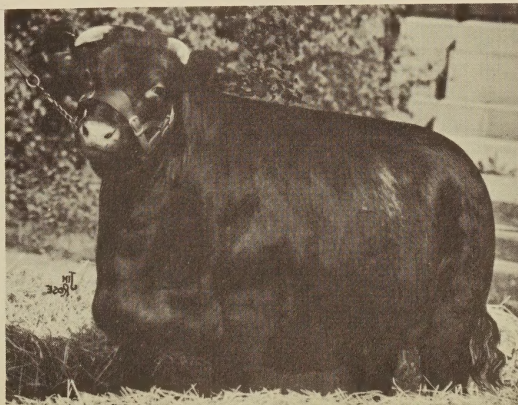

at Strathore - - -

Bonnie. Mrs. Millar is Lorne's sister and the Millar herd was founded as a project for young Johnnie. However, as is the case with an ambitious boy who loves his Shorthorns, the small project soon grew into a substantial one and today the Millars offer their first cattle in numbers. On both farms

the operation is exceedingly practical. It's just a matter of good cattle, good people and good Ontario.

Today, as always, the emphasis is on quality. The cattle you see on November 15 will amply prove the success of the program.

The reserve grand champion steer over-all-breeds in the Queen's Guinea's class at the 1964 Royal Winter Fair, was bred and born at Strathore, as were both his sire and dam.

The first-prize senior get-of-sire 1962 Illinois State Fair, included the following: at left, a daughter of Strathore Glamour Lass 2nd; third from left, a daughter of Strathore Augusta Dot and at right, a grandson of Strathore Anne of Lancaster 3rd.

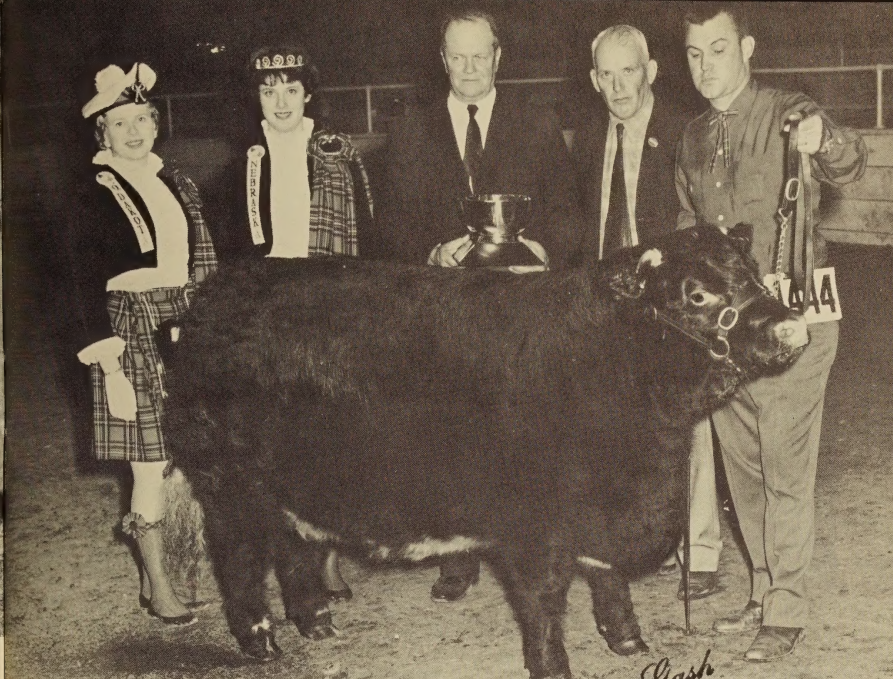

Strathore Shorthorns: Bred

There can be no doubt about it . . . Strathore Shorthorns are bred to breed on. Look at the series of International champions and prize winners pictured on these pages. Their

dams and granddams came from Strathore at nominal prices. In every case, one calf more than paid the initial cost of its dam at Strathore. When well bred cattle like these . . .

The best pair at the 1962 International were S & T Augusta Dot out of Strathore Augusta Dot, and S & T Pacemaker 12th, a grandson of Strathore Anne of Lancaster 3rd. He was International supreme champion and both were named All-Americans.

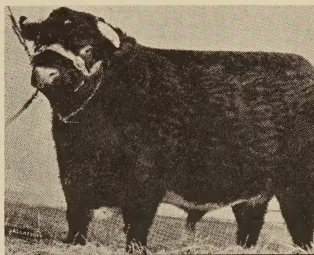

The 1963 International grand champion female was S & T Gay Lass. She is out of Strathore Glamour Lass 2nd.

to "Breed On"

with the added insurance of breeding prepotence . . . are offered to the public, it's time to be on the seats.

**STRATHORE
ROSEWOOD
ROBIN**

S & T Pacemaker 12th was 1962 International supreme champion for Malcolm Tucker, Chrisman, III. His grand dam was bred and born at Strathore.

Each of these females was a champion at Peterborough or Markham Shorthorn shows for Strathore.

From the Sale Manager —

It is a genuine pleasure to urge you to attend the Strathore-Millar Farms 25th Anniverary Sale and to recommend their cattle to you.

For 25 years Strathore has been known for the production of big, thick, meaty Shorthorns. Today the operation is augmented by the new and rapidly-expanding Millar Farms herd just down the road.

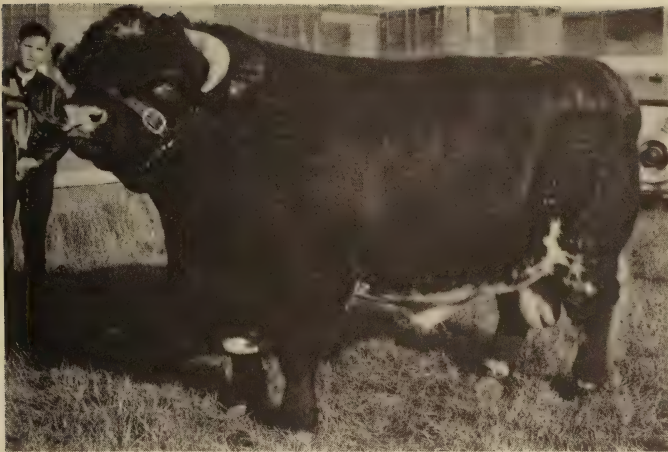

Both the Pimmetts and Millars are fine folks who love the Shorthorn business and they are in to stay. Young Johnnie Millar and his sister, Bonnie, will see to that.

As a practical matter the cattle are better than they have been in the last 25 years. The addition of Lakeview Paul and Lakeview Apogee could well rank as one of the most important steps ever taken by Canadian breeders. The Lakeview bulls are steeped in A. J. Marshall breeding . . . associated for generations with size, substance and unsurpassed thickness. Here is new outcross blood for the breed.

The females selling are a grand group and could go into the most venerable herds. The record of other Strathore cattle in the hands of others is well-known and these can easily do the same.

With the sale set for the day following the Royal Winter Fair, the trip will be a convenient one for cattlemen from throughout the continent. I can't think of a more enjoyable vacation trip and I can promise that the cattle offer sound values for the money.

LOUADA BEQUEST (Reference Only)—Not only one of the biggest sons of Bapton Constructor, but one of the best, he undoubtedly has done more for our herd than we ever thought any bull could do. Louada Blood Royal, by Louada Marshall, was the first calf from this great family born at Louada and also produced the \$4,600 Louada Commodore. One of her sisters was the dam of the \$13,000 International champion Louada Bomber, another maternal sister sold at \$5,000 to Northwood. This great old bull has just gone, but we have held back Strathore Power Drive, his son most like him, that is out of Strathore Rena Violet by Louada Grand Slam. Her full sister went to Northwood and the late Otto Grosse called her his pick of the good Gardiner herd when he purchased it. Be sure to see Strathore Power Drive in our exhibit at the Royal Winter Fair.

LAKEVIEW PAUL (Reference Only)—Imported from Lakeview Ranch in Washington he is by a son of Beaufort Bog Oak that weighed 2350 pounds, and lived until he was 15 years old. His dam and full sister were selected to rebuild the great Mains herd in Washington. Cruggleton Garvie by Cruggleton Elvin left grand females at Lakeview that would be the envy of any breeder. Lakeview Paul's tremendous thickness, smoothness and substance won him the grand championship at Markham Regional Show 1964, his only time shown, where several top cattlemen called him the best Shorthorn bull to step into a show ring in 15 years. His calves are very much like him and only two daughters are offered, the rest are all being retained as replacement females. They are the thickest, smoothest, most easily fed calves we have ever had.

LAKEVIEW APOGEE—Probably no bull living today carries a stronger concentration of Cruggleton, Kirkton and Calrossie—great blood lines all combined in one pedigree. There's no wonder he has the stock bull look written all over him. His first calves are scarcely old enough to show this year, though one of them, Strathore Bonnie Violet 16th, Lot 10, was junior and grand champion female at Ottawa and is offered as evidence of what you can expect when you buy females carrying his service.

Strathore Robbie Rosewood, the dam of Strathore Rosewood Robin, has been called the ideal modern Shorthorn female. She has been champion many times from calfhood until the present.

STRATHORE ROSEWOOD ROBIN

STRATHORE ROSEWOOD ROBIN — Sired by a Blood Royal son of Bapton Constructor and out of our favorite cow, Strathore Robin Rosewood, a maternal sister of the many-times-champion, Strathore Knockout. This great bull comes by his championship form naturally. Though he broke his right front leg at the ankle and ran with the breeding herd, he went through Peterborough, Ottawa, Lindsay and Markham Regional Shows' undefeated grand champion bull as well as a member of the undefeated group of four and get-of-sire at the same shows. His dam also won her class three times, twice being grand champion female. A great show bull, several of his first calves sell. His second crop proves him an even greater breeding bull. He'll be on display sale day and we feel his great quality, character and balance will amaze you.

CRUGGLETON FLASHBACK—We imported his dam along with Lakeview Paul and Apogee from Lakeview Ranch, Odessa, Wash. She is from a wonderful family of breeding females and is backed by some of the greatest bulls of Marshall breeding—Cruggleton Garvie by Cruggleton Elvin; Beaufort Bog Oak by Cruggleton Pentland Firth and Cruggleton Warbond by Cruggleton Perfect. Mains Cloudburst we considered perhaps the best bull seen on a 3000 mile trip, and his sire, Bapton Cavalier, a half-brother to Bapton Constructor, was rated the top bull at Perth the year he was purchased by the Brennens. We are proud to offer Flashback but must retain a one-third interest and show rights for next year.

MILLAR'S ARMADA 03W—The tremendous size and substance, along with thick-ness, smoothness and balance of this bull, should fill the bill for the most particular buyer. He has a pedigree to match with Louada Bequest by Bapton Constructor, Louada Graduate by Calrossie Armada and the C.N.E. and Royal Winter Fair champion, Louada Barnone by Louada Marshal. His dam, an exceptionally heavy milker, is a daughter of Strathore Charming Cecilia, 1955 C.N.E. reserve senior champion female. We are proud to offer this bull as a representative of our herd and the breed in general.

Aberfeldy Royal Robin AAA, sired two International supreme champion bulls and an International reserve grand champion bull in as many years. He is the grandsire of Lot 5, Strathore Earmark.

MILLAR'S DAUNTLESS x—Although most of the Millar foundation came from Strathore, several top females have come from the top of recent sales. The dam of this bull is one, and we offer her as Lot 43. Be sure to see her. Most visitors call her the ideal Polled cow, while her calf at foot, also Polled and a full brother of Dauntless x, should give one every confidence in this great prospect. Strathore Rosewood Robin was grand champion at Peterborough, Ottawa, Lindsay and Markham Regional 1965, while Dauntless won the biggest class of bulls at Peterborough Fair in August this year.

STRATHORE WATERLOO PAULA—Undoubtedly the best calf ever born at Strathore was by Lakeview Paul and out of Strathore Fairy Violet 2nd. That calf was to headline our sale, but, unfortunately, was lost with pneumonia; otherwise, we could not consider parting with this beautiful calf. Her dam, as a senior yearling, stood third at the C.N.E., in the same class as the grand champion and a \$3,200 heifer. Beaufort Bog Oak, Bapton Constructor and Calrossie Armada make her pedigree match her individuality. She sells with breeding privilege to any of our stock bulls.
